

a Protocol — literature peak lists, not traces

propose >> verify: a missing candidate cannot be recovered by re-ranking

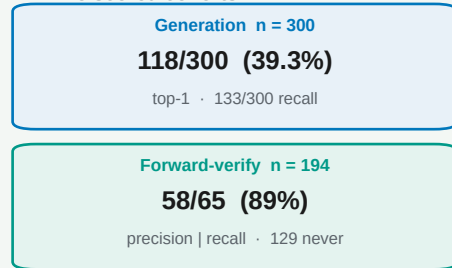

b Instrumented wall (n=194 fverify only)

65 recalled (34%) · 58/65 = 89% if proposed

Not a pooled n=300 wall. No fverify precision on 106 or 230.

c Two scored cohorts

Headline is n=300 generation.
Larger blind round: appendix / SI.
